

ABSTRACT

5           Antisense compounds, compositions and methods are  
provided for modulating the expression of PI3K p85. The  
compositions comprise antisense compounds, particularly  
antisense oligonucleotides, targeted to nucleic acids encoding  
PI3K p85. Methods of using these compounds for modulation of  
10 PI3K p85 expression and for treatment of diseases associated  
with expression of PI3K p85 are provided.
